IEEE MDM 2016: Call for Advanced Seminars

17th IEEE International Conference on Mobile Data Management

13 – 16 June, 2016, Porto, Portugal

http://mdmconferences.org/mdm2016/

MDM 2016 invites submissions for Advanced Seminar (i.e., Tutorial) proposals on all topics listed in the Call for Papers of the conference.

Advanced Seminar proposals should be no more than four pages and strictly follow the IEEE conference style templates. Advanced Seminars are planned to take place in parallel with the rest tracks of the conference for the entire duration of the conference. The intended length of the tutorial (1.5 or 3 hours) should be indicated. Proposals should identify any other venues in which all or part of the seminar has been or will be presented, and explain how the seminar proposal for MDM 2016 differs.

The logistics of the Advanced Seminars will be handled by the MDM 2016 organization. Specifically, MDM 2016 will take care of facilities, catering, and the registration process pertinent to all hosted Advanced Seminars. At least one organizer of an accepted Advanced Seminar is required to attend the conference to carry out the presentation. In addition, each advanced seminar organizer is expected to collaborate with the Proceedings Chair for the purpose of ensuring timely completion of the camera-ready copies before March 31, 2016, when official conference proceedings are due.

Proposal evaluation criteria include the following: relevance to MDM, scientific quality, perceived interest and overlap with other proposals.

Submission Guidelines

Proposals must include the following sections:

- Title and abstract
- Introduction
- Scope, motivation, summary of seminar.
- Proposed duration (1.5 hours or 3 hours).
- If the organizers have had a similar seminar held in the past, a brief history-description.
- Description of target audience and relevance to MDM'16 research topics.
- Advanced Seminar outline (sections and an overview of their contents)
- Biographies of presenters

Important Dates

Submission of Proposals	January 15, 2016
Acceptance notification	February 15, 2016
Camera-Ready Deadline	March 31, 2016
Seminar	June 13-16, 2016

Please submit the advanced seminar proposals as a PDF attachment to the following email address: mdm16seminars {a} gmail.com

A confirmation of reception message will be returned on all submissions.
